

24<sup>th</sup> March 2020

Dear Parent /Carer

During this unprecedented and difficult time, we would like to provide as much normality as possible and ensure that all pupils continue to receive the education they deserve from home. Teachers are regularly setting work linked to topics being covered at school and your support in these tasks would be much appreciated and will encourage your child to continue their learning and progress as well as they can.

Please note that work is being set via office 365 on the teacher dashboard, SAM Learning and the mymaths website. Prior to the school shutting, all pupils demonstrated to their tutors that they were able to access these. If for any reason your child has forgotten their password or cannot log in, please contact IT support. If your child requires further support, please contact the member of staff who has set work via the email addresses on the school website and they will reply as soon as possible.

Additionally, in order to provide more of a structure, please find below a suggested daily timetable, which can be adjusted according to daily work set and allows time for breaks and down time without encouraging a complete breakdown in routine.

Other than the suggestions on the timetable, if pupils find they have completed work or are looking for alternatives, suggestions include watching one of the many documentaries available on the bbc website or other online sources. There are also museums and other attractions all over the world offering virtual tours: <https://www.familydaystriedandtested.com/free-virtual-tours-of-world-museums-educational-sites-galleries-for-children/>

If you would like any further advice or guidance please contact me on [ithurley@haileyhall.herts.sch.uk](mailto:ithurley@haileyhall.herts.sch.uk) and I will endeavor to assist

Kind regards

Mr John Thurley  
Home learning
